

SHEILA SHINE

**A proven STAINLESS STEEL
polish and surface
preservative**

**Three steps in one...
Cleans • Polishes • Protects**

*Only the Sun Shines Brighter!**

Why use SHEILA SHINE?

Whether you're a boat dealer, handle maintenance for a hospital or shopping mall, operate a motel or bank, or you're a homeowner, you know the importance of first impressions. And nothing says clean, shiny, and sleek the way **SHEILA SHINE** does. Our three-in-one product cleans, polishes and protects with a simple one-step application. For more than 50 years, professionals and everyday people have been choosing **SHEILA SHINE** to polish and showcase not only their stainless steel, but also their chrome, aluminum, brass, formica, porcelain, fiberglass, leather and more.

SHEILA SHINE is a polish and a surface preservative, therefore, there's no need to rub. You just apply a small amount with a clean cloth.

SHEILA SHINE removes dirt and grime, eliminates streaking, prevents liquid penetration and resists finger marks. It even helps to cover scratches. All without leaving any residue. And it contains no acid, silicon, or other abrasive substances. In fact, we're so sure that you'll be happy with **SHEILA SHINE** that we offer a full money-back guarantee if you're not completely satisfied.

SHEILA SHINE

*Only the Sun Shines Brighter!**

**A proven
STAINLESS STEEL
polish and surface
preservative for all
your automotive
needs**

From the hubcaps on luxury automobiles, to the chrome on vintage fenders, to lockboxes, **SHEILA SHINE** is perfect for cars, trucks and motorcycles. All aluminum, chrome, fiberglass and woodwork can be cleaned, polished and protected with our outstanding three-in-one product. Highlights in the automotive settings include:

- **A wide range of applications.** Use it on stainless steel appliances, chrome, enamel, fiberglass and can even be used to clean and polish fine finished wood surfaces (excluding floors).
- **A product that is economical.** A small amount goes a long way because **SHEILA SHINE** cleans, polishes and protects. It's three products in one.
- **It's easy to use.** Apply with a clean, dry cloth. No rubbing necessary.
- **Outstanding results.** Leaves surface clean and shiny with no residue. Removes dirt, grease and finger print marks.

Repels water and prevents liquid penetration. Regular use of **SHEILA SHINE** will keep your surfaces' high gloss indefinitely.

Recommended and used by cleaning professionals from coast to coast.

SHEILA SHINE

*Only the Sun Shines Brighter!**

Who uses SHEILA SHINE?

"My husband and I are true advocates of Sheila Shine... we use it in our home, at the office and in our boat. With just a small amount you can clean all kinds of surfaces."

(Brooklyn, NY)

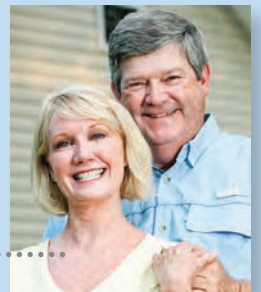

"As manufacturers of stainless steel appliances (grills), we are big believers in Sheila Shine. Thanks for helping us keep our products clean and fingerprint free."

Alan Bates
Evo, Inc., Director, Market Development

"We use it on all of our exterior metals at our home on the Gulf of Mexico and as you know the salt water does a number on the environment. It shines the metal, protects and makes it look brand new. The only product we use."

(Lawrenceburg, IN)

"I have used Sheila Shine for many years and I know that it is the best metal polish on the market."

Thank you,

Jeffrey Conley
Director of Restaurants
Buffalo Thunder Resort & Casino
