

GRIDDLE-WHIZ

NON-CAUSTIC • FOOD SAFE • HI-TEMP

Grill & Griddle Surface Cleaner

MIRAIL®

Products for Better Frying

Professional Grill Cleaning

Griddle-Whiz is designed to clean hot surfaces quickly and efficiently. The thick formula clings to the surface, resulting in a remarkably clean grill. Ideal for flat grills, 2-sided grills and griddles. Not for use on open flame, non-grated grills.

Surface Types

Ideal for flat grills, 2-sided grills, stainless steel griddles, outdoor griddles, waffle irons/cone bakers, chrome-infused griddles, and Blackstone griddles.

Easy To Use

No need for a complete shutdown or time-consuming procedures. Griddle-Whiz restores your grill while it's still hot, and requires minimal product and labor to produce exceptional results after just one application. It's also safer than other solutions, reducing burn risk.

Stainless Results

Daily carbon buildup can affect product quality, as well as food safety and customer experience. Regular use of Griddle-Whiz not only keeps your grill looking like new, but ensures a consistent, delicious product.

Rest Assured

Griddle-Whiz Grill Cleaner is made in the USA and is NSF registered, which means it has been tested by one of the most respected certification organizations in the world.

BEFORE GRIDDLE-WHIZ

AFTER GRIDDLE-WHIZ

Usage Instructions

1. Remove loose debris on grill with grill scraper or spatula.
2. Scrape grill/griddle with spatula or scraper to remove loose food debris.
3. Pour about 2 fl. oz. of Griddle-Whiz Grill and Griddle Surface Cleaner on heated flat-grill cooking surface (325°F for best results).
4. Disperse the grill cleaning liquid on grill surface and allow to sit for 30 seconds. Do not allow product to remain on hot surface more than 2 minutes.
5. Pull the liquid off the grill cooking surface with a squeegee. (repeat steps 2-4 on heavy buildup.)
6. Turn off grill/griddle unit and wipe down grill with a clean wet towel.
7. Use oil or preferred product to re-season grill before cooking.

Active Ingredients

A non-caustic, fume-free formula that effectively removes oils, carbon, rust, fats, calcium, and burned-on grease, leaving cooking surfaces clean and ready for use.

Package Size:

Available in a 32 fl oz (946 ml) bottle, providing ample cleaning solution for multiple applications.
